

## Cross Border Healthcare and Overseas Visitors: What it Means for You!

*Free CPD accredited event in London, Birmingham and Leeds*

The media are constantly reporting on the impact which the current economic climate will have on all public bodies, including NHS bodies. This seminar is important for both commissioners, to understand their obligations to fund treatment for those seeking cross border healthcare, and providers, who may be providing the treatment to overseas visitors and potentially absorbing the cost themselves.

**London:** 6th October, 9:00am - 12:30pm

**Birmingham:** 24th November, 9:00am - 12:30pm

**Leeds:** 29th November, 2:00pm - 5:00pm

Morning events conclude with a networking lunch, and afternoon events conclude with networking drinks.

**Rob Dickman**, Senior Policy Manager, at the Department of Health (EU & International Cross Border Health & Competition Policy) will join us as a guest speaker.

This event will focus on providing a clear and practical overview of how the new Regulations on Cross Border Healthcare will impact on the NHS and who picks up the bill when Overseas Visitors need treatment. These are issues which have troubled the NHS for a number of years and have recently been the subject of new legislation and guidance.

The financial implications can be significant and all NHS bodies need to carefully consider the impact on their current policies.

### Who should attend:

- Commissioners
- Directors of provider services
- Medical directors
- Non executive directors
- Heads of legal services
- Trust board secretaries
- Directors of finance
- Clinical directors
