

British Orthopaedic  
Association

**BOA/FFN UK hip fracture review meeting at Wolfson College, Oxford on 8th May 2019.**

This multidisciplinary meeting, supported by the BOA, will bring together leading experts from orthopaedics, geriatrics, anaesthesia, nursing, physiotherapy, rehabilitation and secondary fracture prevention. However, the emphasis is on discussion and shared-learning, so please bring along your own experiences, suggestions and questions.

The number of places is limited to 120, so please book early by contacting:

[oxfordtrauma@ndorms.ox.ac.uk](mailto:oxfordtrauma@ndorms.ox.ac.uk)

Priority will be given to 'teams' of attendees i.e. a multidisciplinary team from each hospital is preferred to a single representative.

Confirmed speakers:

Paul Dixon - Introduction

Nick Welch – FFN UK: the patient's view

Matt Costa – FFN UK

Xavier Griffin - World Hip Trauma Evaluation

James Golding – standardised protocol for hip fracture anaesthesia

Dave Keene – Hip fracture rehabilitation

Karen Hertz – Next steps for nursing patients with fragility fracture

Dom Inman – NHFD update

Faye Wilson – Next steps for Orthogeriatrics

Tim Briggs/Bob Handley – GIRFT update

Paul Dixon – The 'Frailty' BOAST
