

LIVING WITH SEXUALITY AND CANCER

National Conference - Friday 20th January 2012 Venue – The Christie Hospital Manchester

This National Conference, the first of an annual series, is designed for any healthcare or allied professional working with patients who have or have had a diagnosis of cancer. Surveys of patients with an oncology diagnosis, suggest that they have anxieties and issues relating to sexuality and many would like their healthcare professionals to raise the subject. The Conference addresses sexuality issues that arise from diagnosis, treatments, survivorship and palliative care needs.
