

Merry Christmas & A Happy New year

As we come to the end of 2005 it is a pleasure to reflect on the huge progress made by the network, achieved in a relatively short period of time, it is only 17 months since the network's launch event in July 2004.

Network Achievements Include:

- Investment in new network medical and nursing posts supporting the developing network through collaborative working
- Improving the skills and knowledge of the clinical staff in the network through investment in training and development
- Investment in standardised ultrasound and weighing equipment across the network
- Publication of agreed network clinical guidelines
- Identification of the way forward for newborn transport
- Parent representation & involvement at Network Board and other Network Activities
- Undertaking a robust process to decide the future designation level of the neonatal units in the network
- Identification of the expected cot requirements and the associated nurse and medical staffing required across the network

These achievements have only been made possible through working together with all your enthusiasm, talent, commitment and sheer dedication to improve the quality of care the babies and their families receive in our network.

We look forward to continuing to work with you all on further network achievements throughout 2006 and wish you all a Peaceful Christmas and a Happy New Year.

Ruth Moore, Network Manager/Lead Nurse

Andy Spencer, Network Lead Clinician

Additions to the Network TEAM

Barbara Howard
Practice Educator
Barbara.howard2@nhs.net

Carol Guest
Network Secretary
Carol.guest@nhs.net

Lynsey Ward
Practice Educator
Lynsey.ward2@nhs.net

We are still waiting for Baby Carnwell to arrive - any day now!
