**Subject:** South West Neonatal Network Parent Conferences

Fellow Network Managers.

The South West ODN are hosting two

Later this year the South West Network will be hosting two conferences for parents who have had a pre term or sick baby within the last 2 years. We hope that these will be a great event for our region and in providing support and information to our recent parents

I am now in the process of arranging speakers and stands for both conferences, and I would welcome any support from fellow network managers in identifying topics and speakers for the day. My early thoughts on an agenda/topics are as follows:

- **Development through Play:** A focus on the role and importance of play in development and bonding for infant and parent.
- **Confident Parenting after a NICU stay:** Looking at how we increase parent's confidence and empower them in their parenting post NICU. A focus also on the impact of a NICU stay on parents, how this might manifest and support available.

- **Diet and Nutrition:** Covering the role of food in growth and development, successful weaning dealing with food aversion.
- **Navigating the transition from prematurity to pre-school to school:** Developmental stages 0-5, what parents can do, Common difficulties associated with prematurity, what to be aware of.
- **Inspirational talk from a parent.**

If anyone is interested in speaking at this conference, or knows or has heard any great speakers on the above or similar topics then it would be great to have their contact details. Conference organising is a new world for me but keen if possible to make it a success.

In advance your support and input is greatly appreciated

Regards

Rebecca

**Subject:** RE: April Neonatal ODN Manager's teleconference

**Importance:** High

Dear colleagues

On the basis of the survey monkey returns completed, I want to propose we have our next ODN Manager's teleconference on Thursday 7<sup>th</sup> April at 1100-1230.

If everybody can send me any issues they want including on the Agenda I will collate and circulate one with logon details the week before, so please let me have anything by Friday 31st March please!

Best wishes

Martyn

**Subject:** April Neonatal ODN Manager's teleconference  
**Importance:** High

Dear colleagues

On the back of positive feedback to last week's teleconference and the feeling we could benefit from having a more regular opportunity to communicate this way to discuss issues, I am looking to try this on a 2-3 monthly basis, depending on subsequent engagement and responses. I am hoping we can timetable the next one in April but rather than pick an arbitrary date myself I again want to try and maximise participation, so please can you let me have your availability and preferences via the following link;

<https://www.surveymonkey.co.uk/r/CC2GLDG>

If you can respond by Monday 7<sup>th</sup> March, I will confirm the best option that works for most people then and we can try and get some topics together for an Agenda – I already have a couple!

Best wishes  
Martyn
