Hi All,

Bliss are currently recruiting for members to join our content review panel, to help us review and update our information. We're looking for public and health professional members to join.

I was hoping you could help promote the opportunity amongst volunteers (public role) and health professionals.

There are a few stipulations:

- * Public members do not have to have had experience - in fact we'd like to encourage more public members who do not have experience but are engaged
- * If public members do have experience, we ask that it was within the last 5 years
- * Public members without experience have to fit our target audience - be 18-50 and have lived in the UK
- * Health professionals need to work in the UK within neonatal care within the last 5 years

All this information and more can be found on this webpage:

<http://www.bliss.org.uk/get-involved-with-our-publications>

There are role descriptions, application forms and a big info pack.

Anything you could do to promote this opportunity would be amazing - thank you in advance!

Alia Hussain
