

**Preventing avoidable harm in maternity care - Department of Health capital fund 2015 to 2016 - successful bids**

<b>Organisation Name</b>	<b>Project Title</b>	<b>Allocation (£)</b>
Airedale NHS Foundation Trust	Wireless Fetal Monitor	13,000
Ashford & St Peter's Hospitals NHS Foundation Trust	Multidisciplinary simulation training for women in a collapsed state	30,000
Barts Health NHS Trust	Maternity 'Complex Compassionate Care Collaborative'.	64,000
Birmingham Women's NHS Foundation Trust	Birmingham Women's – Neonatal Resuscitation Equipment	30,000
Birmingham Women's NHS Foundation Trust	Fetal surveillance – Ultrasound Machines	30,000
Bolton NHS Foundation Trust	Saving Lives, Improving Mothers' Care - Application for funding for a portable scanner to improve clinical and quality of care outcomes for maternal and fetal health at Princess Anne Maternity Unit, Bolton	24,000
Bradford Teaching Hospitals NHS Foundation Trust	BabySAFE – protecting your newborn baby	24,000
Buckinghamshire Healthcare NHS Trust	Computerised CTG monitoring for all high risk antenatal women	34,000
Calderdale & Huddersfield NHS Foundation Trust	Preventing avoidable harm in maternity care - Reducing stillbirth, improving outcomes and experience (project 1)	27,000
Calderdale & Huddersfield NHS Foundation Trust	Preventing avoidable harm in maternity care - Reducing stillbirth, improving outcomes and experience (Project 2)	6,000

Central Manchester University Hospitals NHS Foundation Trust	Sign up to Safety Listen, Learn, Act	34,000
Chelsea & Westminster Hospital NHS Foundation Trust	Improving maternal and fetal mortality	11,000
Chesterfield Royal Hospital NHS Foundation Trust	PROMPT Flexible Obstetric Manakins	7,000
Colchester Hospital University Foundation Trust	Putting Women first (Project 1)	30,000
Colchester Hospital University Foundation Trust	Putting Women first (Project 2)	14,000
Countess of Chester Hospital NHS Foundation	Against all odds - striving for normality in high risk women	26,000
Croydon Health Services NHS Trust	Preventing perinatal morbidity and mortality through computerised interpretation of fetal heart rates to assist clinical decision making in antenatal care	30,000
Dartford and Gravesham NHS Trust	Multidisciplinary Obstetrics course	12,000
Derby Hospital NHS Foundation Trust	Multidisciplinary Obstetric Simulators	9,000
Doncaster and Bassetlaw Hospitals NHS Foundation Trust	Improving Resources to Assess Fetal Growth and Wellbeing during pregnancy and improving the perinatal morbidity and mortality for the population of Doncaster and Bassetlaw.	25,000
The Dudley Trust	Improving Fetal Surveillance	32,000
East and North Herts NHS Trust	Birthing Pool and monitoring equipment for High Risk Maternity Unit Digital Fetal Dopplers	5,000

East and North Herts NHS Trust	Neonatal Simulation Training tool	29,000
East Cheshire NHS Trust	PRactical Obstetric Multi-Professional Training (PROMPT)	23,000
East Kent Hospitals University NHS Foundation Trust	Fetal Heart Monitoring Project	9,000
East Kent Hospitals University NHS Foundation Trust	Improving care of the severely ill woman in childbirth (project 1)	7,000
East Kent University NHS Foundation Trust	Improving care of the severely ill woman in childbirth (project 2)	14,000
East Lancashire Hospital NHS Trust	Reducing Stillbirth through improved detection of the growth restricted fetus	30,000
East Sussex Healthcare NHS Trust	Neonatal resuscitaires	32,000
Gateshead Health NHS Foundation Trust	The maternity care you expect: improving the quality of birth experience for mums and babies who choose Gateshead Maternity unit for their care which links up to our ongoing Sign up to Safety project 'Saving Babies Lives'.	12,000
George Elliot Hosp NHS Trust	Fetal Surveillance Innovation	28,000
Guy's and St Thomas' NHS Foundation Trust	Keeping Babies Safe, Managing Jaundice Effectively	27,000
Hampshire Hospitals NHS Foundation Trust	Equipment for Multidisciplinary Obstetric emergency skills and drills training.	13,000
Hampshire Hospitals NHS Foundation Trust	Fetal Monitoring	18,000
Hinchingbrooke Health Care NHS Trust	Improving Fetal Surveillance in the antenatal period using computerised technology	19,000

Homerton University Hospital NHS Foundation Trust	Improving maternal experience and neonatal outcomes in the low risk birth setting	31,000
Hull and East Yorkshire Hospitals NHS Trust	Better births for mums and babies,better experience for families	27,000
Imperial College Healthcare Trust	Portable CTG Telemetry	29,000
Imperial College Healthcare Trust	Portable ultrasound	24,000
Ipswich Hospital NHS Trust	Telemetry cardiotocograph (CTG) machines	33,000
James Paget University Hospitals NHS Foundation Trust	New Triage/MAU Clinical Area, discretely separate from delivery suite.	23,000
Kettering General Hospital NHS Foundation Trust	Safer Maternity Services	19,000
Kings College NHS Foundation Trust	High Fidelity Birth Stimulators	12,000
Kingston Hospitals Foundation Trust	Reducing maternal and perinatal mortality	32,000
Leeds Teaching Hospitals NHS Trust	CTG Monitors for HDU patients	15,000
London North West Healthcare NHS Trust	Preventing avoidable harm in maternity care	23,000
Maidstone & Tunbridge Wells NHS Trust	Enhancing Leadership and Multidisciplinary team work in Maternity in all clinical settings - community and acute	16,000
Medway NHS Foundation Trust	Delivery Suite Triage and Simulation in Maternity	30,000
Mid Cheshire Hospitals NHS Foundation Trust	Practical Obstetric Multi-Professional Training (PROMPT)	11,000

Mid Essex Hospital Services NHS Trust	K2 - CTG training package	35,000
Mid Yorkshire NHS Trust	Improving safety and outcomes for Mid Yorkshire women and their babies.	21,000
Mid Yorkshire NHS Trust	Implement the Perinatal GROW system on to the Euroking Maternity data system	12,000
Milton Keynes Hospital NHS Foundation Trust	Development of Antenatal Day Assessment Pathway and Development of Maternity High Dependency Unit	30,000
Norfolk and Norwich University Hospital NHS Foundation Trust	Improving care for high risk bariatric women - equipment for fetal monitoring	15,000
North Bristol NHS Trust	Videolaryngoscope for Obstetric theatres at Southmead Hospital	16000
North Lincolnshire and Goole Hospitals NHS Foundation Trust	Monitor equipment for High Dependency Unit care	22,000
North Lincolnshire and Goole Hospitals NHS Foundation Trust	Creation of high observation maternity room at General Scunthorpe Hospital	22,000
Northampton General Hospital NHS Trust	CO monitors and ultrasound doppler	18,000
Northumbria Healthcare NHS Foundation Trust	Wireless Fetal Monitor	30,000
Oxford University Hospitals NHS Foundation Trust	Birth options and fetal surveillance for women of Oxfordshire	23,000
Pennine Acute Hospitals NHS Trust – North Manchester	Preventing Brachial Plexus Injury through Shoulder Dystocia Training using Simulation	14,000
Pennine Acute Hospitals NHS Trust – Oldham	Reducing Baby Deaths through Smoking Cessation	14,000

Portsmouth Hospitals NHS Trust	Preventing Avoidable Harm in Maternity Care	27,000
Royal Berkshire NHS Foundation Trust	Improved choice for women on fetal monitoring in labour	34,000
Royal Free London NHS Foundation Trust	Obstetric Emergency Simulation Training	39,000
Royal United Hospitals Bath NHS Foundation Trust	Programme for enhanced simulation training	21,000
Salisbury NHS Foundation Trust	Equitable access to GAP facilities for all women	26,000
Sheffield Teaching Hospitals NHS Foundation Trust	CTG Monitors for HDU	30,000
South Tees Hospitals NHS Foundation Trust	Fetal Presentation scanning of all women in suspected labour and prior to induction of labour	34,000
South Warwickshire NHS Foundation Trust	Improving neonatal outcomes in babies requiring respiratory support at birth	27,000
Southend University Hospital NHS Foundation Trust	Safe at Southend	26,000
Southport & Ormskirk Hospital NHS Trust	Multi professional Simulation Training in Teams for Better Management of Obstetric Emergencies	32,000
St Georges Healthcare NHS Trust	Cordless Telemetry Systems	19,000
Stockport NHS Foundation Trust	Continuous monitoring of fetal movement in high risk women	18,000
Tameside Hospital NHS Foundation Trust	CTG monitoring	45,000
Taunton & Somerset NHS Foundation Trust	Safety improvement plan - maternity	48,000

The Hillingdon Hospitals NHS Foundation Trust	Preventable avoidable harm in maternity care	23,000
The Princess Alexandra Hospital NHS Trust	Designing a Complex Care suite on the Labour Ward for the women of West Essex and Herts at the PAH	20,000
The Queen Elizabeth Hospital Kings Lynn NHS Foundation Trust	Bariatric Equipment in the Maternity Unit	13,000
The Royal Bournemouth & Christchurch Hospitals NHS Foundation Trust	Preventing Avoidable Harm in Maternity Care Department of Health Capital Fund 2015 - 2016	16,000
The Royal Wolverhampton NHS Trust	Reduced fetal movement project bid	25,000
United Lincolnshire Hospitals NHS Trust	Increasing normality birth rate through telemetry	22,000
University College London Hospitals NHS Foundation Trust	Prompt Equipment for multidisciplinary training	27,000
University Hospitals Bristol NHS Foundation Trust	Small For Gestational Age (SGA) Fetus Risk Assessment and Care Pathway	30,000
University Hospitals Coventry and Warwickshire NHS Trust	An enhanced maternity training and facility strategy to reduce risk and improving experience for Coventry and Warwickshire's pregnant women and babies	30,000
University Hospitals of Leicester NHS Trust	Reducing stillbirths in Leicester: Strategies to identify the growth restricted	19,000
University Hospitals of Morecambe Bay NHS Foundation Trust	Promoting normality and staying prepared	18,000
Walsall Healthcare NHS Trust	Developing Maternity Services in Walsall	34,000
West Middlesex University NHS Trust	Improving maternal and neonatal mortality	27,000

Whittington Hosp NHS Trust	Perinatal Training Programme and CTG telemetry	27,000
Wirral University Teaching Hospital NHS Foundation Trust	Implementation of Ultrasound Guided Anaesthetic Interventions in high risk and compromised Obstetric women.	36,000
Worcestershire Acute Hospitals NHS Trust	Improving Safety in Maternity Care	28,000
York Teaching Hospitals NHS Foundation Trust	Reducing intrapartum risk	37,000
