

Caring Together: A Partnership Approach

Your baby is at the heart of everything we all do
Please be our partner in your baby's care by helping us in the following ways

*Written by Parent
Representatives for the
Operational Delivery Network*

CARE

- Tell us if you can't get to the unit
- Ask for help about caring for your baby if you're not sure

COMMUNICATION

- Talk to us if you're concerned about the care of your baby
- Tell us about anything that might affect your baby's care on the unit or at home

PRIVACY

- Don't take photos of anyone else's baby – even if you're asked to
- Ensure visitors follow ward guidelines
- Don't talk about other people's babies unless the parent is present
