

LTV Clinical Forum feedback

Dr Chris Edwards

- Very good overview and given me the understanding of the regional issues
- Great overview. Message loud and clear that we MUST get things right for these patients
- Good, informative
- Statistics good for context
- Set the start of the day
- Very good intro to the topic
- Good opener to the day
- Interesting talk about the future of LTV, the process of deciding when to offer LTV.
- Great overview of the needs/service
- Interesting statistics positive information re LTV
- Good overview of the situation
- Great introduction, good stats and nice references
- An excellent overview of a challenging area
- Good piece about background

Dr Kathy Wilkinson

- Fantastic speaker and presentation
- Good presenter, nice summary, especially liked quotes, brought it to life
- Good, informative
- Some really good recommendations to take into practice

- Good to hear details of the report and recommendations
- Very interesting
- Really interesting to see the information
- Excellent presentation
- Interesting to see the numbers of LTV/ recommendations for good practice
- Very useful
- Good to understand current data
- Eye opening information- brilliant speaker
- Good overview of report. Will read all of it
- A long overdue report which has exciting implications for the future of LTV
- Good overview of big piece of work

Fiona Stuttard

- Commendable work and nice presentation- well done!
- Interesting how other units work
- Good talk on transition/ discharge
- Great videos
- All really positive examples of good practice in DGH's across the region. Lots to learn from each other
- Great work!! Loved the videos
- Loved the videos
- Good use of videos in session
- Excellent efforts on a much needed area
- Great ideas

Vikki McAlpine

- Example of excellent practice
- Excellent. Please share this model
- Loved the videos!
- Excellent, really useful, informative
- Brilliant work being done! Amazing to hear
- Really great practice- well done
- All really positive examples of good practice in DGH across the region. Lots to learn from each other
- Good insight into the challenges faced in DGH's.
- Great inspirational talk about the DGH team working so well together
- Brilliant speaker- interesting to hear how other DGH's manage
- Nice presentation
- A good example of staff going the extra mile to meet the needs of the patients
- Showed other hospitals what is possible

Helen Horrigan and Nadine Cooper

- Brilliant presentation and inspiring work- well done!
- Very relatable to own area. Skills to take back
- Excellent training roll out
- All really positive examples of good practice in DGH's across the region. Lots to learn from each other
- Good session on how to tackle staff education
- Brilliant project! Well done
- Could do with links/materials to cascade training
- Great example of training large staff groups
- Another good example of staff going the extra mile to cope and meet the needs of the patients
- Great to show development of training packages

Sarah Georgiades and Sharon Sloan

- Really useful to get 'hands on'
- Really lively atmosphere and very interactive
- Really, really useful. Lots of information
- Brilliant to get hands on!
- Good to get hands on experience and speak to specialists
- Good to see equipment and network
- Good to get opportunity to 'play' with the machines
- Very helpful!
- Good to have a play with the machines and familiarise with how they work
- Useful for hands on. Great
- Great to see equipment, practical hands on and the opportunity to ask questions
- Excellent to see difference between ventilators
- Great to get hands on the machines, it has taken away the mystery!
- Good to practice on different equipment
- Excellent to be able to troubleshoot away from the clinical setting
- Thanks for bringing all the kit

Emma Andrews

- Very informative
- Interesting re commissioning but would benefit from CCG input also
- Positive to hear the next steps
- Positive message that something is being looked at
- Good informative session
- Good update on current work streams and progress
- Very informative
- Thanks for your commitment

Suggestions for future topics

- Brain injury
- Discuss some complex cases on LTV
- Continuing healthcare/care packages for after discharge /management
- More info on PICU and LTV. Parents view/talk
- Be nice to hear from a parent

Any other comments

- Very well organised
- Excellent day, great venue, food lovely. Thank you!
- In particular, Vikki's presentation on how her unit has developed their model in conjunction with the tertiary unit. Was brilliant. Please include this in the annual conference as much more units should hear their experience.
- Thoroughly enjoyed!
- Useful study day. Well-chosen topics for discussion
- Nice to have more nurses presenting. Lovely to network and see what others are doing
- Would be good to share slides
- Very good practical
- Enjoyed practical
- Interesting day with a variety of experienced speakers
- Good variety of speakers
- Successful day- thank you!
- Very good study day
- Lovely lunch
- Great room, well run event. Thank you
- Brilliant venue. Good speaker. Very relevant to my area. Some good opportunities to network and share experiences
- Really good day
