

Website Update for Y&H PCC ODN Executive Group Meeting – Tuesday 24 April 2018

NHS Networks

- The old Y&H PCC ODN website was closed down 31 March 2018 and will no longer be accessible. A dedicated website has been set up on NHS Networks for Y&H PCC ODN and this may be accessed [here](#)

Old Website Content	New Website Content (so far...)
List of Units + map of units	Home Page – giving areas covered by network
Network Publications <ul style="list-style-type: none"> - Annual Report 13/14 - Terms of Reference (Exec) - Terms of Reference (Clinical Forum) - Work Programme 14/15 	
Education <ul style="list-style-type: none"> - Program - Training Day content - YHCaNs info 	
Meet the Team/About Individual team member bios	Meet the team – Only names & job titles with main office contact details
Network Policies & Standard Operating Procedures <ul style="list-style-type: none"> - Management of Surge & Escalation 	Network Guidelines in PDF format

Next Steps

- Content - Need to agree content for the new website. Possible suggestions:-
 - Newsletters
 - Education Resources/Tools
 - Meeting documents e.g agendas/minutes/encs (allowing distribution of these documents to the network via a link instead of PDFs which sometimes result in bounce-backs)
 - Meeting Schedule/Dates
 - Useful links
- Access - NHS Networks has the functionality to restrict viewers and visitors to the website and content, this would be done by inviting users to become members – which is a simple and easy process. Alternatively the web page may remain open to public access.
 Note: *The Y&H Neonatal ODN website is open to public access and may be viewed [here](#)*
- Key Contact – One key contact within the Core Team with whom I could liaise with regarding the website would be helpful.

Other

- The Y&H PCC ODN Clinical Guidelines are accessible via the Embrace Website and the new Y&H PCC ODN Website (NHS Networks). Links have been distributed to the Network.

Ignaz

- There continue to be issues with viewing PDF/Images/Tables via Ignaz and therefore the inputting of the The Y&H PCC ODN Clinical Guidelines on Ignaz has been delayed. Once the issues are resolved this will commence.
